7/12/23	17:48	18	59	J3E

Thanks for the QSO(s) and QSL, 73 _____

NEPM is the Battleship IOWA's (BB-61) military call sign initially issued in 1943. Operating authority is only granted on a case by case basis. This is currently limited to the annual Armed Forces Day Cross-band Test when we transmit on assigned government frequencies and listen for stations calling us on frequencies in the adjacent amateur radio bands. As the IOWA becomes the home of the National Museum of the Surface Navy we hope to gain operating authority for other special events.
